

TREES:

the upside, down

**ISA Ontario's
69th Annual Educational
Conference & Tradeshow
Feb. 14-16, 2018**

CALL FOR PAPERS

The ISA Ontario Chapter is now seeking presentation proposals for the 69th Annual Educational Conference and Tradeshow.

This is the premier gathering for arboriculture professionals in Ontario. Arborists, foresters, urban foresters, consultants, researchers, educators and students come together with top to learn the latest in research, technology and innovations in the arboriculture industry.

With this Conference, the ISA Ontario Education Committee aims to get back to the roots of arboriculture and explore the connections that trees have to each other, the community, and the environment. Often, as arborists and urban foresters, our work keeps us in urban settings and we lose our connection with trees in their natural state. We focus so much on how to make trees survive in our urban settings and to accommodate human requirements that we often forget what the trees are really doing for us. We strive to improve our knowledge of soil/tree interactions and the mystery of what we don't see. We aim to explore how the benefits of trees impact our economy, sociology, and environment as well as the impact that trees have on the community.

Deerhurst Resort is a natural setting embracing Peninsula Lake in Muskoka's Cottage Country. The atmosphere inspires arborists and urban foresters to connect with the forest and be reminded of why we do what we do; for the love of trees.

We will accept all presentation proposals related to arboriculture.
Consideration will be given to topics relative to the conference theme.

Types of Presentations include:

- Individual Presentations (30 minutes to 2 hours)
- Symposia or panels (1 hour to 2 hours)
- Specific presentations for municipal, commercial or utility arborists (1 hour to 2 hours)
- Workshops or hands on presentations (1 hour to 2 hours)
- Research Posters

Proposals will be evaluated based on overall appropriateness, focus, and practical application of material, and the subject's interest to a diverse audience. Speakers whose presentations are selected will be required to sign a confirmation agreement and submit additional details in advance of their presentations.

**Submissions Due:
August 1, 2017**
