

ISA ONTARIO CONFERENCE CALL FOR PAPERS APPLICATION FORM

ISA Ontario's 70th Annual Educational Conference and Tradeshow

2019 Conference Theme:

Dissecting Trees: Understanding Internal Operations and External Connections

Caesar's Palace, Windsor
3777 Riverside Dr.
Windsor, ON N9A 7H7

The ISA Ontario Chapter is now seeking presentation proposals for the 70th Annual Educational Conference and Tradeshow. This is the premier gathering for arboriculture professionals in Ontario. Arborists, foresters, urban foresters, consultants, researchers, educators and students come together with top to learn the latest in research, technology and innovations in the arboriculture industry.

With this Conference, we aim to explore the inner workings of trees and the impact they have on the world around them. By dissecting the internal operations of a tree, we can begin to understand their connection to each other and the impact they have on society. Trees provide benefits far beyond providing oxygen and carbon sequestering, so it is important for arborists to understand how trees work and why they do what they do.

This year we are returning to Caesar's Palace, Windsor. This venue offers a luxurious setting with exciting entertainment opportunities. There are a variety of amenities to be enjoyed. The City of Windsor has a full arboricultural history and the proud International Gateway between Canada and the United States of America.

We will accept all presentation proposals related to arboriculture. Consideration will be given to topics relative to the conference theme.

Types of Presentations include:

- Individual Presentations (30 minutes to 2 hours)
- Symposia or panels (1 hour to 2 hours)
- Specific presentations for municipal, commercial or utility arborists (1 hour to 2 hours)
- Workshops or hands on presentations (1 hour to 2 hours)
- Research Posters

Proposals will be evaluated based on overall appropriateness, focus, and practical application of material, and the subject's interest to a diverse audience. Speakers whose presentations are selected will be required to sign a confirmation agreement and submit additional details in advance of their presentations.

Submissions Due: August 1, 2018

Please log on to www.isaontario.com for full application form
