Article Submissions

Please reach out to Bridget Dilauro (info@ISAOntario.com) and Christine Bennis (christinembennis1@gmail.com) with a synopsis of the article you plan on writing, including the issue, and topic. Feature articles should be between 1500 and 2200 words. All other articles may be between 750 and 1500 words. If possible, please submit a variety of high-resolution photos to support your article. Even photos captured with a current mobile phone will do the trick, if they're taken and shared at maximum resolution. Please make use of subheadings to structure your article for skim-readers and to add emphasis to the meat of your content. Extra points go to authors that include pull quotes or complete interviews with ISA Ontario members! Articles and photos will go in front of the ISAO Communications Committee for approval and editing. Approved articles will be posted to Ontario Arborist and eventually to the ISAO Blog, with traffic coming from our e-newsletter and social channels. As a non-profit, ISAO's budget for written content is quite lean but please email Bridget Dilauro directly for our author compensation rates.
